Conflict Minerals Compliance Statement

Effective Date: 23 December 2025
Company Name: Inline Plastics Corp.

Inline Plastics Corp. is committed to responsible sourcing and ethical business practices throughout our supply chain. In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act and its implementing regulations related to Conflict Minerals, we have conducted a reasonable evaluation of our products, materials, and supplier information.

Based on this assessment, Inline Plastics Corp. has determined that our products do not contain any of the conflict minerals defined by law—tantalum, tin, tungsten, or gold (3TG)—that originate from the Democratic Republic of the Congo (DRC) or adjoining countries. Additionally, we require our suppliers to provide accurate and complete declarations regarding the presence and sourcing of these minerals in the materials supplied to us.

Inline Plastics Corp. will continue to monitor our supply chain and maintain open communication with our suppliers to support ongoing compliance with applicable regulations and responsible sourcing practices.

If you require additional information or supporting documentation, please contact us.

Thank you,

Julie VanBennekom
Corporate Quality and Compliance Manager
