Absence of Animal-Derived Materials

Inline Plastics Corp.'s primary sheet suppliers have provided written confirmation that their materials do not contain any ingredients of animal origin, including but not limited to oils, fats, or gelatins, and that such materials have not been produced on equipment or stored in contact with known animal-derived materials.

Inline Plastics Corp. does not introduce any animal-derived materials or ingredients during the conversion of raw materials into thermoformed containers.

Customers are responsible for determining that the use of the product(s) is safe, lawful, and technically suitable for their intended applications.

This certificate is continuous and shall remain in full force and effect unless revoked in writing. This version supersedes all previous certificates or declarations that may otherwise be in effect.

Sincerely,

A handwritten signature in black ink, appearing to read 'Julie A. VanBennekum', with a stylized flourish at the end.
