### **Absence of Bisphenols**

Inline Plastics Corp.'s primary sheet suppliers have provided written confirmation that they do not intentionally add or use Bisphenol A (BPA), Bisphenol S (BPS), or other bisphenol analogues (including but not limited to BPF, BPAF, BPZ, and BPP) in their manufacturing processes. These substances are not expected to be present in the raw materials they supply.

Inline Plastics Corp. does not introduce BPA, BPS, or other bisphenol analogues during the conversion of raw materials into thermoformed containers.

Customers are responsible for determining that the use of the product(s) is safe, lawful, and technically suitable for their intended applications.

This certificate is continuous and shall remain in full force and effect unless revoked in writing. This version supersedes all previous certificates or declarations that may otherwise be in effect.

Sincerely,

A handwritten signature in black ink, reading 'Julie A. VanBennekom'.

Julie VanBennekom  
Corporate Quality and Compliance Manager  
Inline Plastics Corp.
