## **HACCP Plan – Hazard Analysis & Critical Control Points**

Inline Plastics Corp. maintains a HACCP (Hazard Analysis and Critical Control Points) Plan that is reviewed at least once per year. Reviews are conducted independently at each Inline Plastics Corp. facility, ensuring that each location maintains a current and up-to-date HACCP Plan.

Inline Plastics Corp. takes all reasonable measures within its control to ensure the wholesomeness and safety of the products it produces. Once products are delivered, it is the responsibility of the customer to ensure that appropriate HACCP controls are applied in their operations.

Customers are responsible for determining that the use of the product(s) is safe, lawful, and technically suitable for their intended applications.

This certificate is issued as a continuing statement and shall remain in effect until revoked in writing. This version supersedes all previously issued certificates.

Sincerely,

A handwritten signature in black ink that reads 'Julie A. VanBenkom'.

Julie VanBenkom  
Corporate Quality and Compliance Manager  
Inline Plastics Corp.
