## **Letter for Allergens – Cross Contamination Policy**

No food of any kind is handled or allowed in the process of the manufacture of our single-use thermoformed containers. There are no Food Allergens in the Raw Materials.

**Inline Plastics Corp.** conducts allergen-training classes to educate its employees on the sensitivities of handling allergens to prevent cross-contamination inside the manufacturing envelope. **Inline Plastics Corp.** conducts Food Allergen training, at a minimum, annually, at all **Inline Plastics Corp.** facilities. Training makes employees aware of Food Allergens and the requirement to properly wash their hands and always wear protective gloves.

**Inline Plastics Corp.** does all it can within its control to ensure the wholesomeness of the products it produces. From the point of delivery on, it is the customer's job to ensure that all the proper HACCP controls are in place.

You must make your own determination that your use of the product(s) is safe, lawful, and technically suitable in your intended applications.

This certificate is continuing and shall remain in full force and effect until revoked in writing. This version supersedes all previous certificates that might otherwise be effective.

Sincerely,

Jim Parker  
Director Corporate Quality, Compliance, and Continuous Improvement  
Inline Plastics Corp.
