## **PFAS (Absence) Compliance Statement**

This statement confirms that, to the best knowledge of Inline Plastics Corp., finished goods manufactured by Inline Plastics Corp. do not contain intentionally added per- and polyfluoroalkyl substances (PFAS).

Inline Plastics Corp. has received written notification from its primary sheet suppliers stating that the materials supplied do not contain intentionally added PFAS, including perfluorinated and polyfluorinated substances (PFAS, PFC, PFHxS), as defined by the Organisation for Economic Co-operation and Development (OECD) and the United States Environmental Protection Agency (EPA). To the best of our knowledge, these substances are not present in the supplied materials and do not exceed a reportable threshold of 0.1%.

Inline Plastics Corp.'s primary sheet suppliers have further confirmed that they do not intentionally add substances listed in EU Regulation (EU) No. 1169/2011, including but not limited to perfluoroalkyl or polyfluoroalkyl substances.

Based on supplier declarations, Inline Plastics Corp.'s sheet materials, and therefore its finished products, are compliant with applicable state requirements prohibiting intentionally added PFAS in food packaging, including, but not limited to, California, Colorado, Connecticut, Hawaii, Maine, Maryland, Minnesota, New York, Oregon, Rhode Island, Vermont, and Washington.

Responsibility for determining consumer safety and ensuring compliance with all applicable international, federal, state, and local PFAS regulations rests with the processor, producer, packager, or importer of the finished consumer product.

Customers are responsible for determining that the use of the product(s) is safe, lawful, and technically suitable for their intended applications.

This certificate is issued as a continuing statement and shall remain in effect until revoked in writing. This version supersedes all previously issued certificates.

Sincerely,

A handwritten signature in black ink that appears to read "Julie A. VanBennekom".

Julie VanBennekom  
Corporate Quality and Compliance Manager  
Inline Plastics Corp.
